EXPERIENCE

Vanderbilt Coding Bootcamp Full-Stack Web Development, Nashville, TN

April 16-Oct 10th, 2019

- Connected databases using ORM(Object-Relational Mapping)
- Developed front-to-backend dynamic web apps, databases, and class projects capturing user's info to save to databases
- Supported team leads with project assignments with demanding deadlines
- *Repository Link <https://github.com/dkahuna>
- *Live Portfolio https://dkahuna.github.io/Live_Portfolio/

Hennessy Industries, La Vergne, TN — Shipping Clerk Lead

March 18, 2011 - PRESENT

- Over saw, trained and lead a team of 25+ people without loss of productivity or man hours on multiple tire changer assembly lines
- Implemented new procedures, systems and equipment to innovate upon current production processes and support engineers
- Filled in as Department Lead in multiple departments due to experience, work ethic and aptitude to learn skills outside of primary duties
- Progressed from a temporary position to a full-time Department Lead

Chonburi Muay Thai, Nashville, TN — Instructor/Coach

Jan 2014- Present

- Lead groups and one-on-one classes in self-defense. Helped students implement discipline and strong mindsets into their daily lives through rigorous training and physical fitness.

WWL Vehicle Services America, Smyrna, TN — Distribution / Paint/Body

Jan 2006 - Nov. 2011

- Inspected and assured all vehicles coming off the line passed all model specific requirements
- Continually adapted to fill different roles and help other departments meet their production goals when needed
- Progressed from a temporary position to a full-time employee through continually learning new skills & innovative approach
